MacDermid partners with Comexi to host open house

Atlanta, Georgia, USA – In keeping with their ongoing collaborative partnership, MacDermid Graphics Solutions and Comexi will host an open house at its headquarters and Customer Service Training Facility in Atlanta, GA, March 14 through March 15. The two-day event will bring together industry leading co-suppliers to discuss and present on productivity enhancements in flexographic printing.

MacDermid Graphics Solutions and Comexi Group will give product demonstrations and technical presentations along with the co-supplier sponsors – Apex, Esko, and Lohmann.

If interested in attending, please contact Ashley Jackson at +1.404.852.3729 or +1 800.348.7201.

###

About Comexi

Comexi has extensive experience in manufacturing equipment for the flexible packaging conversion industry. World leader, it runs five product lines, each specialised in a different conversion process: flexography printing, offset printing, rotogravure printing, laminating, slitting and logistic complements.

The company has more than 36,000 sqm. distributed over three production centres in Riudellots de la Selva (Girona, Spain), Brazil and Italy. Furthermore, its widespread sales network extends to more than 100 countries, providing an answer to all its client's needs. Comexi includes the Manel Xifra Boada Technological Centre where the company provides support and transfers its knowledge to the various groups involved in the flexible printing industry process.
