

Digital Flexo Plates

Your needs, our innovative solutions.

At MacDermid, we take what you print personally. From top to bottom, our team of package printing experts is dedicated to doing whatever it takes to give you the best possible print. And the best possible print starts with the best possible plate. MacDermid has a complete line of digital flexo plates for all your printing needs.

Take advantage of the improved workflow and quality available with digital flexo plate technology using MacDermid Graphics Solutions line of digital sheet products. All of our digital plates work with LUX® lamination systems to deliver flat-top dots for the ultimate in print consistency and performance.

Whatever your digital printing needs, MacDermid has the right plate solution for you.
